Which program are you applying for?

Community Herbalism Intensive (3 days weekly)

Weekend Herbal Program (1 weekend a month)

Apprenticeship

About this application, it is not a test on how well you fill out applications, or on your grammar, spelling, etc. It is to help me know you better. So please use these questions as a framework, be honest and candid, rather than writing what you think I'd like to hear. If you need more space, you may attach a separate document. If you have any questions, please call me between 10am and 6pm eastern time.

1. Tell me about your interest in herbs. What draws you to study them? Do you have much experience using or studying herbs? With whom have you studied? What conferences have you attended? What are some of your favorite herbal books or websites?

2. Can you make a solid six-month commitment to this course? Will you have enough money for the program, including living expenses, books, field trips, equipment, alcohol, etc.?

3. The students share a lot of time together in this program. I look for people who get along well with others and are tolerant and patient (preferably with a good sense of humor). We will also be going on extended field trips carpooling and camping together. Do you feel comfortable and amicable in these circumstances?

4. The class will be going on numerous day hikes. While they are usually not too strenuous, they may last for several hours. Are you physically able to hike for this long? (Please let me know any concerns you may have.)

5. How did you hear of the Northeast School of Botanical Medicine?

6. What would you like to get out of this program?

7. More about yourself. What is your current job? How do you spend your time? What are your active interests and hobbies?
