

FIRST AID CHECKLIST

Rainbow Gathering 2018

Northeast School of Botanical Medicine

P.O. Box 6626 Ithaca, NY 14851

www.7Song.com

Note

This checklist is used mainly for first aid events. Not every medicine is brought each time, only the ones marked.

Each herbalist should consider and adapt individual medicines and formulas that work in their specific situations.

This checklist is continually revised depending on what is available and the duration and type of event.

The numbers listed under 1 oz & 2 oz are the number of that size bottle. Larger sizes are listed under 'other'. In 'P' the number is the size of the bottle in the personal/private first aid bag. 'B' is the quantity of that medicine that in backstock.

Key

- ! Use with caution
- !! Experienced practitioners only
- B Back stock-to refill dispensing bottles
- F Formula
- P Personal bag, not for public use
